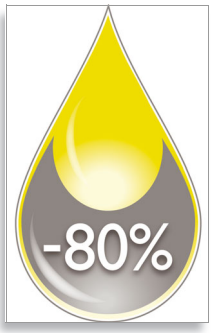
PHILIPS

sense and simplicity

Highlights

Rapid Air technology



Airfryer's unique Rapid Air technology enables you to fry, bake, roast, and grill the tastiest snacks and meals with up to 80% less fat than a conventional fryer! Its unique combination of fast precisely circulating superheated air, starfish design, and optimal heating profile allows you to fry a variety of delicious fried foods in a fast and easy way with no oil**. With Rapid Air technology you also get less smell than traditional frying, making it is easy to clean, safe and economical for daily use!

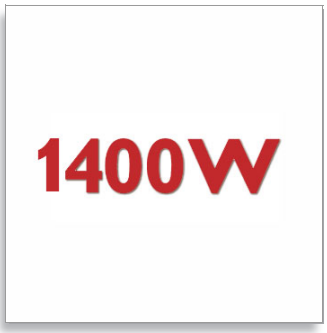
0.8kg cooking capacity

Large cooking capacity so you can cook your favorite recipe

Manual Time and Temp Control

Its integrated timer allows you to pre-set cooking times of up to 30 minutes. The auto-off function includes a "ready" sound indicator. The fully adjustable temperature control allows you to pre-set the best cooking temperature for your food up to 200 degrees. Enjoy crispy golden-brown fries, snacks, chicken, meat and more, all prepared at the right time and temperature for the best result!

1400W power



High-power performance for fast cooking results

Versatile cooking

Not just great for frying, the innovative Rapid Air technology also lets you grill, bake and even roast your favorite dishes for a one stop solution for all of your meals.

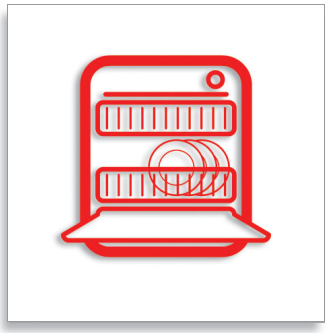
International recipe booklet

This recipe book created by culinary experts gives inspiration for a variety of fried food that you can cook in the Airfryer. It also introduces you to recipes that showcase the versatility of the appliance so that you can grill, bake and even roast food healthier, faster and more conveniently.

High cooking speed

The Airfryer's unique combination of high performing motor, Rapid Air technology and star fish design allows you to have tasty meals in no time!

Dishwasher safe parts



The removable nonstick coated drawer and the food basket are dishwasher safe for easy cleaning.

* Compared to fresh fries prepared in a conventional Philips fryer.
* For fresh fries add half a table spoon of oil for extra taste. Frozen fries are normally precooked in oil.
